Innovage

International Workshop

“Innovation for Independent Living Services and
ICT Products for the Elderly”
Friday, 19th April 2013

ORGANIZED BY:

FINANCED BY:

The INNOVage project has been made possible by the Interregional Cooperation Programme INTERREG IVC, financed by the European Union's Regional Development Fund.

www.innovage-project.eu

GOOD PRACTICES

Identifying and analysing successful experiences of innovation driven cluster, of planning policies in cluster development and local strategic partnership coordination.

POLICY STRATEGIES

Addressing ageing and older generation issues and devise new policy strategies that are capable of significantly improving the lives of the elderly.

INNOHUBS

Launching 14 regional innovation offices aiming to strength the knowledge and cooperation activities between actors focusing on eco-innovation and smart home for the elderly.

CLUSTERING

Creating a European network of companies and associated institutions (business-private-research sectors) sharing similar interests regarding innovation policies and independent living of the elderly.
